World Sustainable Energy Days 2015

The World Sustainable Energy Days offer a unique combination of events

For more than 20 years, experts from all over the world have gathered in Upper Austria to attend the conference - in 2014, the event attracted over 750 participants from 59 countries!

Timetable

-  **Technical Site Visits: Pellets and Wood Chips**
-  **European Pellet Conference**
-  **Young Researchers' Conference: Energy Efficiency**
-  **European Energy Efficiency Watch Conference**
-  **Young Researchers' Conference: Biomass**
-  **European Nearly Zero Energy Buildings Conference**
-  **B2B Meetings**
-  **Energy-Efficient Commercial Buildings Conference**
-  **Technical Site Visits: Nearly Zero Energy Buildings**
-  **Tradeshow**

Programme

European Pellet Conference:

The world's largest annual conference on pellets

Technologies ♦ Markets ♦ Policies ♦ Finance

- World Pellet Business & Technology Forum
- Pellet Networking Platform
- B2B Meetings
- Pellet Market News Worldwide
- "Pellet Tradeshow" (with more than 100 pellet-related exhibitors)

European Nearly Zero Energy Buildings Conference

High efficiency buildings supplied by renewable energy

Technologies ♦ Policies ♦ Definitions ♦ Best Practice Examples ♦ Costs & Financing ♦ New Construction and Renovation

Young Researchers' Conference: Biomass + Energy Efficiency

2 conferences presenting the work and achievements of young researchers

- Awards "Best Young Researcher: Energy Efficiency" and "Best Young Researcher: Biomass"

European Energy Efficiency Watch Conference

A conference giving an update on the implementation of the EU energy efficiency policies

Energy-Efficient Commercial Buildings Conference

High efficiency non-domestic buildings supplied by renewable energy

Best practice examples ♦ Technologies ♦ User Behaviour

Tradeshow "Energiesparmesse"

Leading tradeshow on renewable energy and energy efficiency with 100,000 visitors and 1,600 exhibitors annually

B2B Meetings

Finding new business partners in bilateral meetings (biomass and energy efficiency)

Technical Site Visits

- Pellets & Wood chips (24 Feb.)
- Nearly Zero Energy Buildings (27 Feb.)

Poster Presentation

Offers the opportunity to display successful initiatives and projects on energy efficiency and renewable energy

Call for Papers & Speakers

There are several possibilities to get involved in the programme:

- Call for Papers
- Call Young Researchers' Conference
- Propose a speaker

Topics:

- renewable energy sources
- energy-efficient and sustainable buildings
- pellets
- sustainable energy technologies, policies and programmes

Deadline: 10 October 2014
